### **Department of Obstetrics & Gynaecology**

#### **Activity Report – Cervical Cancer Awareness Month, January 2023**

The Department of Obstetrics & Gynaecology, All India Institute of Medical Sciences Rajkot, Gujarat celebrated “Cervical Cancer Awareness Month” on 21<sup>st</sup> January 2023 at their OPD Block, Khandheri.

The theme for Cervical Cancer Awareness 2023 is  
“Ending cervical cancer within a few generations”

Cervical cancer is one of the most common cancers amongst women in India. January is dedicated as Cervical Cancer Awareness month. It is very essential to create awareness about cervical cancer and HPV vaccination amongst the patients, nursing officers, MBBS Students and various other health care professionals. A comprehensive approach is required to ensure the implementation of the strategies for prevention, screening and treatment of women with cervical cancer. These measures would help us in eliminating cervical cancer within a few generations.

Nursing Officers of the AIIMS Rajkot participated in various events which were organised to spread awareness & knowledge about cervical cancer.

#### **1. Informative session and Seminar on Cervical Cancer Awareness and importance on HPV Vaccination, by Dr. Medhavi Sharma, Senior Resident, Department of Obstetrics & Gynaecology**

The main focus of the session for MBBS Students and Nursing officers was to make them aware about spreading the importance of cervical cancer prevention, screening and vaccination in men and women attending the OPD healthcare setting at AIIMS, Rajkot.

**2. Interactive Session on Cervical Cancer Awareness to patients and health care staff working at AIIMS, Rajkot by Dr. Jinali Sheth, Junior Resident and Nursing Staff, Department of Obstetrics & Gynaecology.**

### 3. Role play/Skit by Nursing Officers at OPD Block of AIIMS, Rajkot at Khanderi, for spreading awareness for Cervical Cancer

Nursing Officers organised and performed a skit/role play on Cervical Cancer Awareness and importance of HPV Vaccination for faculties, senior and junior residents, healthcare workers and patients attending OPD at AIIMS, Rajkot.

Pledge to make Cervical Cancer Mukh Bharat by getting informed, getting screened and getting vaccinated.

The programme was followed by poster exhibition at Gynae OPD.
